MATERIAL PROPERTIES

Material: Fiberglass

Production process: Hand Lay-Up

Low electrical conductivity.

High resistance to chemical agents.

Lightness (The specific weight is about 1.8 g / cm³).

WARNING

- Keep away from excessive heat sources.
- Avoid any improper use. Do not stand on the products. When the product has to be moved, lift the product off the ground in order to avoid damage.
- Do not overload the pot structure in order to avoid deforming.
- Carefully comply with the maintenance & cleaning instructions.
- In case of malfunctioning or damage of the wiring or any electrical parts, refer to a qualified electrician.

MAINTENANCE & CLEANING

- To prevent dust and dirt from sticking to the plastic surfaces, periodically clean the products with a damp cloth and neutral liquid soap diluted in water.
- Avoid using ethanol or any liquids containing, even in small amounts, acetone, trichloroethylene or ammonia (solvents in general).
- It is recommended the use of SLIDE's "CleanUp" cleaner or a degreaser. Spray the cleaning product on the surface, rub with a damp cloth and rinse abundantly with water (preferably with a high pressure washer). In case of persistent stains use a high pressure washer or scrub eraser. The use of the scrub eraser (melamine foam - Scotch-Brite® Easy Eraser or similar) is only recommended for white colour, as they are slightly abrasive.
- The lacquered version is also suitable for outdoor use, however it is more sensitive to scratches: periodically clean with a polish cleaner, gently rubbing with soft cloth/cotton wool.
- Cushions can be cleaned with a damp cloth, neutral liquid soap and water.
- For metal parts use specific cleaners.

RESPONSIBILITY & RETURNS

SLIDE declines any liability to damages caused to things or persons by an illegitimate use of the product. SLIDE won't accept any returned goods without having checked the kind of defects first.

WARRANTY

SLIDE products are guaranteed against all manufacturing faults, granted that the items are appropriately used, for twenty-four (24) months from the date of purchase upon presentation of the invoice.

LED KITS only are guaranteed for twelve (12) months from the date of purchase.

Warranty doesn't include parts that are subject to wear and tear due to usage, batteries when provided, wiring and electrical parts that do not have manufacturing faults.
